## Review and Regulation

**10:00 am-11:00 am**  
**February 4, 2016**  
**Regulatory Health Link Division,**  
**Arkansas Insurance Department**

# Introductions

- If you are not in the original invite list but need to be, please email Compliance Officer [Thomas.Herndon@arkansas.gov](mailto:Thomas.Herndon@arkansas.gov)
- Conversely if you need to be removed please email him too.

# Architectural Principles

- *Align with available Federal/National standards or efforts if feasible*
- *Build collaboratively – across organizations, disciplines*
- *Perfection should not be the enemy of the good*
- *Build incrementally - Over years and scope*
- *Apply Pareto's 80-20 principle for every phase*
- *Seek lessons learned – from others and within.*

# **AID Observations During NPI Consolidation**

# Observations from NPI List Consolidation -1

We may have many NPIs that do not serve Arkansans in the consolidated list

## Observations from NPI List Consolidation -2

- The NPIs working far from Arkansas borders will be useless in Geo-access data. Their presence in the consolidated list will get corrected through the NA Statistical data generation for Phase 2

# Observations from NPI List Consolidation -3

- Arkansas Provider Type definitions *never* mix facilities with individuals. That is intentional.
- During NPI consolidation, AID observed while looking up the NPI Registry, certain individuals using Facility taxonomy and vice versa. This may be a immediate flag for Data Quality issues. The issue has been explained in the meetings preparatory materials. This would have resulted in some exclusions maybe unintended by the providers.
- Such exclusions that need close review has been presented as “PY2017 Flagged Exclusions for industry consideration” within <http://rhld.insurance.arkansas.gov/Default/NetworkAdequacy>.

# Need for NPI Relationship Data

- Industry feedback received on Data Specifications
- AID may revert to its proposal on the Data Specifications
